Assessment Grading
This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of ‘pass’ in order to pass the unit. If any ‘pass/fail’ tasks are shown in the table above they must also be completed successfully (‘pass’ grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the ‘assessment task’ section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the University’s Grades and Results Policy for more details of interim results and final grades.

**Previous Student Feedback**

**Feedback, Recommendations and Responses**
Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

**Feedback from Have your say survey**

**Feedback**
There were a few worked examples during the lectures, but maybe a few more might have been helpful.

**Recommendation**
This will be addressed through the availability of the "master classes" - a new feature of the course in Term 2 2019. Weekly Zoom sessions will also now occur, which will allow for more time to work through practical tutorial style questions.

**Feedback from UC self reflection**

**Feedback**
Given the students are business students, they often struggle with answering legal problem type questions.

**Recommendation**
Spend more time in foundation weeks working through methods of studying for a legal subject, finding legal resources, and answering legal problem style questions.

Assessment Tasks

1 mid term written assessment

Assessment Type
Written Assessment

Task Description
This assessment item is an individual written assignment worth 40% of the total unit mark. It covers aspects of the unit covered in Weeks 1 to 5 of the term. Part A consists of 5 short answer questions, which are designed to test your knowledge of some of the key concepts covered in weeks 1 to 5 of the term. Part B is a case study, that requires you to apply the knowledge that you have gained in weeks 1 to 5 of term, and provide advice to a hypothetical taxpayer in relation to their residency status, and apply the source rules based on that residency status to calculate their assessable income. Part C is another case study, that requires you to apply the knowledge that you have gained in weeks 1 to 5 of term, and provide advice to a hypothetical taxpayer to calculate their taxable income. The assignment will require you to demonstrate your information literacy skills by locating information about tax and to further demonstrate your problem solving skills by identifying tax issues and locating the relevant legislative and secondary source to support your argument regarding these issues. The total word count for the assignment will not be more than 3000 words. Further details regarding the assignment will be provided on the Moodle site for the unit at the start of the term.

Assessment Due Date
Week 6 Friday (28 Aug. 2020) 11:45 pm AEST
Assignments submitted after the due date, Friday of Week 6 (28/08/2020) (or a date approved by the unit coordinator after an online extension application) will incur a penalty of 5% of the total marks available for the assignment per day in accordance with CQU policy.

Return Date to Students
Week 8 Friday (11 Sep. 2020)
Assignments that are submitted by the due date will be returned on or before Friday of Week 8 (11/09/2020). Please note that assignments which are submitted after the due date may be returned after this time.

Assessment Criteria

Referencing System
The Australian Guide to Legal Citation (4th edition) is the designated style of referencing for this unit. Additional information regarding this method is available through the library or the Academic Learning Centre. When making a reference, cite the original source or authority in preference to a secondary source such as the textbook especially when you are discussing various sections of the legislation. This means you should make reference to legislation, cases and Tax Rulings as a priority to back up any arguments that you make in your assignment.

Word Limit
Do not exceed the word limit if you can possibly avoid doing so. You may find that you have written too much so it is probably worthwhile to edit your assignment so that it is more tightly structured. Some of the information you have included in the text may be better placed in the footnotes.

Evaluation Criteria

MARK - <40%
GRADE - Low F

CRITERION: Fails to demonstrate the learning outcomes of the unit.

COMMENT: Students in this range usually fail to properly carry out the instructions or fully perform the tasks specified in the assessment.

MARK - 40-49%
GRADE - F
CRITERION: Fails to demonstrate the learning outcomes of the unit.

COMMENT: Students in this range usually make some effort to perform the assignment task but fail to achieve what is prescribed for a Pass.

MARK - 50-64%
GRADE - P
CRITERION: Demonstrates the learning outcomes of the unit, such as knowledge of fundamental concepts and performance of basic skills; demonstrates sufficient quality of performance to be considered satisfactory or adequate or competent or capable in relation to the learning outcomes of the unit.

COMMENT: Students who get a mark in this range usually demonstrate some knowledge of principles and concepts, but do not explain or apply them accurately. Answers often look like little more than a summary of what someone else has written.

MARK - 65-74%
GRADE - C
CRITERION: Demonstrates ability to use and apply fundamental concepts and skills of the unit, going beyond mere replication of content knowledge or skill to show understanding of key ideas, awareness of their relevance and some use of analytical skills.

COMMENT: Learning involves not only knowing principles or concepts but also the ability to apply them to a real-life situation.

MARK - 75-84%
GRADE - D
CRITERION: Demonstrates awareness and understanding of deeper and less obvious aspects of the unit, such as ability to identify and debate critical issues or problems, ability to solve non-routine problems, ability to adapt and apply ideas to new situations.

COMMENT: The student will demonstrate this by achieving all the outcomes for a Credit, but also some of the higher level standards for a High Distinction.

MARK - 85%+
GRADE - HD
CRITERION: Demonstrates proficiency in all the learning outcomes of the unit; work is well read or scholarly.
COMMENT: Here, the student will have done everything well and formulated their answer in a tight, efficient, thoroughly professional manner. Their explanations and arguments will have a strong logical flow and be convincing. Their research will be thorough.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others’ work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity’s policies, including the Student Academic Integrity Policy and Procedure. This policy sets out CQUniversity’s expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?
A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?
A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

What can you do to act with integrity?

- **Be Honest**
  If your assessment task is done by someone else, it would be dishonest of you to claim it as your own.

- **Seek Help**
  If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC).

- **Produce Original Work**
  Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem.

Where can I get assistance?
For academic advice and guidance, the Academic Learning Centre (ALC) can support you in becoming confident in completing assessments with integrity and of high standard.
